Map is not drawn to scale.
Travelling times are estimates and subject to actual traffic conditions.

With the beautiful Park Connectors right at your doorstep, and the Singapore River promenade alongside them, stroll, jog, or run, whenever you wish to.

And you know you'll never run out of a dizzying array of leisure and lifestyle activities, as you are at the heart of it all.

Need to travel further? The CTE is just 3 minutes away by car, and 4 minutes walk from Great World MRT station. And for our young scholars, River Valley Primary School is within 1km, while other prestigious schools like SOTA and SMU are mere minutes drive away.

Catch a theatrical work at the Esplanade, visit a blockbuster art exhibition at the National Gallery, or simply take a stroll at the Gardens by the Bay, or the Botanic Gardens. The neighbourhood is enriched with such vitality from the arts, culture, and nature, that no others could afford.

The background is a solid dark green color. It is decorated with numerous vertical lines of varying heights and widths, scattered across the page. These lines are a lighter shade of green, creating a subtle, textured effect. The lines are not uniform; some are tall and thin, while others are shorter and wider, giving the impression of a stylized, abstract landscape or a series of data points.

In the late afternoon, watch grandpa and grandma school the kids at a game of pickleball. And after a cool dip in the Family Pool, you'll stroll to the Alfresco together to have a scrumptious dinner, before returning to the comfort cosiness of home. The day was, perfect.

Artist's Impression

The background is a solid dark red color. Overlaid on this are numerous vertical white lines of varying heights and widths. These lines are arranged in a way that creates a sense of depth and movement, resembling a staircase or a series of steps that ascend from the bottom left towards the top right. The lines are grouped into clusters, with some clusters being more dense than others, contributing to an abstract, architectural feel.
